## PRINCIPAL'S REPORT

### Brilliant Start to the Year

As we well and truly click into the second half of the term it is worth reflecting on the amazing start to the year everyone has made. The attitude of the students has been fantastic. Classrooms are buzzing with energy and the playground has never been more active. I think the past two years has shown us all, 'You never quite know when things might be interrupted' and to make the most of every opportunity. Special thanks to our amazing teachers for continuing to go above and beyond in how they are engaging our students. Next week, nearly every student will be involved in extracurricular activities such as excursions and camps. When we combine this with the lunchtime clubs that are running every day of the week, there should be something to engage everyone.

### Attendance

After such a positive start it might seem strange that this next paragraph is about attendance concerns. Across schools, over 85% attendance is the benchmark that schools try to achieve for each student. This translates to roughly 7 or less days of absence per term. So far this term, 47 students at MPS (nearly a third of all students) have attendance percentages of under 85%. This current rate is 3 to 4 times higher than we would expect. We understand that COVID and other illnesses have impacted some families, but we have to highlight such a dramatic statistic. Of greatest concern is the fact that this statistic is not present at our neighbouring schools? We do have many students who are just under the 85% mark and we hope that they can maintain their attendance in the coming weeks. If any families have issues maintaining attendance, please see myself or your child's classroom teacher for assistance.

# French with Grade 1's

Our Year 1 students have been learning about everyday expressions in French and doing a fabulous job writing, reading and saying them.

## RESPECTFUL RELATIONSHIPS

When I was younger, more energetic and quicker with a joke- I worked in Broome as a bartender. I worked the 10am to 4pm shift in a colourful little front bar. In that job I had so many conversations with so many characters. I never thought what I was doing behind the bar was having an impact on anyone's day to day life. Until, a few years after that job was just a twinkle in my memory, I bumped into one of my old customers while in Alice Springs. He said, 'I always felt invisible and so lonely at that time in my life'. He explained that he had gone through some traumatic events in the years before. He said that whenever he walked into the that colourful front bar that I had made him feel human and seen. All I ever did was listen to him, smile and learn his name.

I wept as he told me his story and will never forget how easy it was to make him feel important.

I thought about this person on Friday as the staff at Meeniyah spent the day learning about how trauma can impact the kids we teach, their families, the people we work with and so many around us. This was a moving and challenging professional development and a timely reminder that so many around us have struggles and battles which we don't know about.

There are so many supports available for people who have lived through traumatic times or events, but the first step is the easiest to get your hands on.

Be kind and listen – even when it is hard to do so. You never know how much you might impact someone's life just by listening and making them feel seen.

Please reach out if you are having a hard time or know someone who is. There are so many things we can do for you here at school.

## CHILD SAFETY STANDARDS WHAT WE EXPECT AT MEENIYAN PRIMARY SCHOOL

- ❖ Everyone connected to our school can help children be safe.
- ❖ We have zero tolerance of any abuse of children.
- ❖ We have policies and procedures in place to protect the care, safety and welfare of children.
- ❖ There are clear boundaries about how adults in our school community may interact with our students.
- ❖ The new Child Safe Standards go further than child protection arrangements did in the past.
- ❖ The Child Safe Standards apply to school staff, volunteers, contractors, visitors and students' family members.
- ❖ Keeping children safe is everyone's responsibility.
- ❖ To ensure you know how we are keeping your children safe at school, and how we would like you to support us.
- ❖ Unsupervised contractors will be asked about their child safety arrangements as a condition of working with us if they work with children enrolled in the school (or children can reasonably be expected to be present while they are at the school).

Please see further information on Child Safe Standards on our school website.

Community members are encouraged to raise any concerns about child abuse with the Principal or report directly to Child Protection / Police.
