
Dear Parent/Guardian,

Meeniyān Primary School Meeniyān Primary School is looking forward to a great year of teaching and learning and would like to advise you of the voluntary financial contributions for 2025.

Within our school your financial support has allowed us to organise and coordinate the best possible programs outside of the traditional teaching and learning classroom structure. These financial contributions assist us with the ability to provide additional resources giving our students opportunities that are above and beyond what is required in the standard curriculum and what is provided for by Government funding. Curriculum Contributions allow us to provide subsidies for our camps, excursions and sports days, together with our swimming program; as well as additional resources for Music, Wellbeing & PE Programs. In past years we have been able to update our resources within our Literacy & Numeracy, Mathematics and Technology areas, all due to Curriculum Contributions from families. All of these programs running alongside the traditional classroom teaching are imperative so as to provide an effectively balanced and rigorous overall education for your children.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and inclusive support for our students, by inviting parents to contribute via the Curriculum Contribution. We want to thank you for all you support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Yours sincerely,

Gene VanderZalm
Principal
